History

Full throttle into the wine adventure: The crazy comic fun wine! Every wine an adventure! Whether on the water or on the road: when wine is in short supply, Ressi is there. With his tractor, on his boat or in the Riesling Bulli. That's the way it's always been. And it always will be. The comics shown are all based on real stories and show people from Christian Ress' circle of friends. The Ress Family Wineries have never presented a wine in a more personal, charming and entertaining way.

Producer

RESS FAMILY WINERIES is a brand of Stefan B. Ress winery, which looks back on a decades-long commercial tradition. Today, Stefan B. Ress KG exports to well over 40 countries around the globe and supplies many well-known hotels and restaurants with the right wines.

Vinification

Fermentation takes place in temperature regulated stainless steel tanks. Through this method of vinification, the wines preserve their varietal style and obtain the necessary drinking flow.

Tasting Note

The 2021 Ressi Rhein Riesling trocken presents itself as usual in its clear and precise way. In the glass, it appears in a pure lemon yellow. Hints of stone fruit, such as peach and apricot, which are complemented by a light orange blossom and green apple, captivate the nose. On the palate, fruit aromas also dominate, but here notes of kiwi, melon and grapefruit increasingly come to the fore. The exciting interplay of sugar and acidity ensures drinking pleasure at the highest level. This dry Riesling is, like its label, simply an adventure.
